## Freeze Protection Service

'Tis the Season to Protect from Freezin'

A YRC Worldwide Company

## Delivering confidence for products sensitive to low temperatures

Holland has **over 40 years of experience** protecting temperature sensitive products such as: paints, adhesives, lubricants, sealers, cleaners, coatings, solvents, strippers, inks, greases, de-greasers, hydraulic fluids, etc...

### Cost:

\$2.00 per 100 pounds  
\$20.00 Minimum

For freeze protection services,  
visit us online at [hollandregional.com](http://hollandregional.com)  
or call 866-465-5263

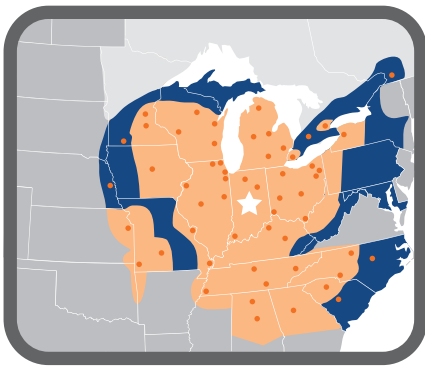

Manufacturer's test show a CargoQuilt® maintains product within 10 degrees of normal temperature for up to 3 days.

Holland owns thousands of technically-engineered and environmentally-friendly cargo quilts available when and where you need them.

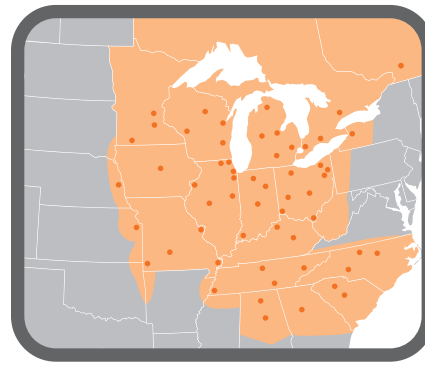

Holland Handled over 63,000 Freeze Protection shipments 2010-2011 with only 39 paid claims.

## Features & Benefits:

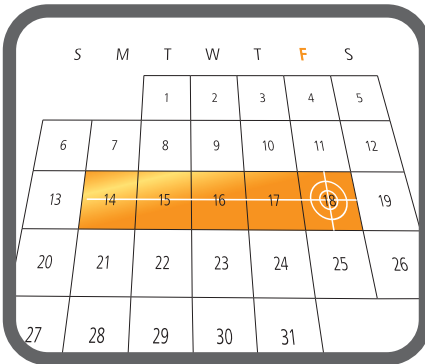

\*Indianapolis system map

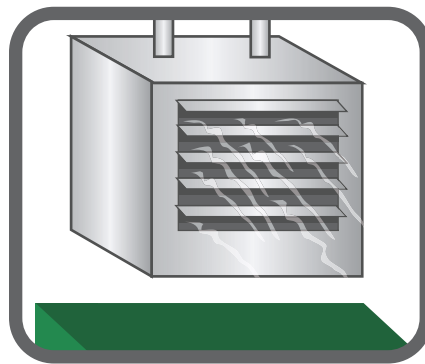

Most next-day lanes in our service area. More next-day lanes mean less chances of freezing.

Available on all direct-service points, including Ontario and Quebec.

Pickups made 5 days a week, including Fridays. Email weather alerts available by registration on [hollandregional.com](http://hollandregional.com)

Terminal warm rooms available for weekend use.

## How to engage the service:

On the BOL under Special Instructions, write Protect from Freezing.

Make sure to place a "Protect from Freezing" sticker on your shipment.
