# Speed and reliability

Next-day service from Buffalo and Erie to the GTA

## Next-day expertise

New Penn is the leader in next-day service in the Northeast, and we bring that same expertise to next-day deliveries into the GTA.

Our network-wide 98.2% on-time performance surpasses industry standards.

We deliver industry-leading quality handling with very few incidents or exceptions, and a claim ratio that's less than half of one percent.

## Fast border crossings

We operate under PARS (Canada Customs Pre-Arrival Release System) which allows for faster border clearance of your shipments.

We are a proud member of both C-TPAT (Customs-Trade Partnership Against Terrorism) and FAST (Free and Secure Trade) which means:

- A more secure supply chain
- Faster customs processing
- Fewer border delays due to inspections

The FAST program can provide access to the FAST-lane at the border for government approved transportation providers.

## More nimble supply chains

New Penn helps you respond quickly to your customer needs.

Our next-day service mitigates the risks associated with lean operations, just-in-time processes and outsourcing activities.
